Full-time Opportunity for **Shashank Dev** for the role of Software Development Engineer Intern (SDE Intern) Congratulations **Shashank!** 🎉

We are so thrilled to offer you the position of Software Development Engineer Intern (SDE Intern) in Inventlix! We loved your attitude, drive and ambition. You will now be a part of an equally ambitious team which makes managing remote teams effortless.

We will try our best to create a magical 1st day for you

We would love for you to start on 10 November2025. Inventlix has a 30-days probation period. Think of this as an exploratory period where we get to know each other better & help set you up for success.

Money, money, money! (& a whole lot more)

Your total salary would be **INR[redacted] per annum**.

We don't want you to leave us! But we understand that priorities might change

You can choose to terminate your employment anytime with us, after giving us a notice period of 30 days. Conversely, we can also choose to terminate your employment if there are performance/behavioral concerns, giving you a notice period of 30 days.

Mentoring, guidance & unflinching support, always

At the moment, you will report directly into Anjali Bhatt and also work very closely with the Leadership Team. But please feel free to approach any one from the team for any ideas, feedback, suggestions, questions (literally anything ☺).

Growth that others would be envious of

We believe that all of our team members should be upskilling & growing career wise, at an amazing rate. You will have all the support you need to be a high-performer and to move on to permanent roles of more responsibility & definitely more pay, depending on where your interests and passion lie.

Our philosophy of "Growing from within" means that we will do everything to give our internal talent the first opportunity to explore the new roles and leadership positions within Inventlix. To sum it up, we look forward to dreaming big and making those dreams come true, Together! Let's light this rocket ship on fire!
